Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Rise, Fall and Revival of Dental Prosthesis The title of this lecture is so fully indicative of its character that scarcely a word of foretalk, as the Saxons express it, seems necessary. As this is my initiatory talk to you, my lecture will be of a prefatory character in inaugurating the course in Dental Prosthesis. All that is requisite by way of preface here, is to give brief account of the within contained remarks. This proem may, at the same time, serve as an apology for some of the defects of which the author is fully conscious. Believing it necessary that the dental student, in beginning the study of his chosen profession, should know something of its antique birth, growth and development, I felt it a duty incumbent on myself to open our acquaintance by cordially introducing to you the history of this branch of dental art and science. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
