CONQUERING CANCER DR. JOEL BERMANS INTEGRATIVE GUIDE TO PREVENTION AND TREATMENT

Basic Health Publications. Paperback. Book Condition: New. Paperback. 362 pages. Dimensions: 8.9in. x 6.0in. x 0.8in. In *Conquering Cancer*, Dr. Joel Berman uses his broad medical experience as a surgeon to focus on alternative, preventive approaches to conquering cancer. Acknowledging that alternative cancer prevention was an unfamiliar subject prior to his extensive research in this area, he was surprised to learn that no less than 80 to 85 percent of all cancers result from conditions over which most people have a significant degree of control, with heritage and genes accounting only for the remaining 15 to 20 percent. He also came to understand that 90 percent of all cancers can be attributed to environmental factors. As a person steeped in standard medicine, Dr. Berman displays healthy skepticism concerning alternative measures and chooses to find solutions using a scientific approach in tandem with an empirical, anecdotal one. He discusses what causes cancer, what is meant by cancer prevention, and gives an overview of diagnostic methods, medical treatments, and complementary/alternative treatments. Also included are support groups, cancer centers, clinical trials, and research organizations. In Part 2, he lists more than thirty types of cancer by their location in the body and adds children's cancers as a separate category. For each cancer, he includes advice on prevention and complementary methods, including diet and natural substances, along with standard medical and surgical management. Part 3 discusses cancer-related emergencies, and the final Part 4 is a mixed bag of all the possible conditions that...
