## MOSES SCIENCE: CLUES EVIDENCE

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The stories that Moses has written have created many mysteries and controversies, and one example is the mystery of Gods existence. God can be proven with evidence science has discovered! Moses wrote clues in Genesis 1: 26 27 telling us where to look. In the beginning, God created the upper waters and lower waters. The mystery of what the waters are has been solved with a picture taken in outer space by the Hubble telescope. Moses wrote that God created everything within six days, and used the lower waters to create earth on his third day. Through different radiometric dating systems science has discovered it took a half billion years for the Earth to form. Whos right? Moses, Science, or both!Moses describes the stories of early man, with Adam being the first, Eve second, Cain third, Able fourth and Seth fifth. The oldest found fossils, believed to be early man, are a group referred to as Sahelanthropus tchadensis. They had primate like features, and lived in trees in West-Central Africa from 7 to 6 million years ago. Through evolutionary periods, which took millions of years, man slowly evolved from tree dwellers to living on the ground. The last evolutionary periods of man having primate like features, were the Homo erectus and the Heidelbergensis. From the Heidelbergensis evolved three new species of man, the Neanderthals, Denisovans, and Homo sapiens. When Moses was teaching about creation and early man to his followers he was teaching something mankind had no scientific knowledge of, so he told his stories in a way his followers could understand. His first story was about creation and the stages in which God created....
