Today, roughly 70 percent of all visas for legal immigration are reserved for family members of permanent residents or American citizens. Family reunification policies that seek to preserve family unity during or following migration is a central pillar of current immigration law, but it has existed in some form in American statutes since at least the mid-nineteenth century. In *Fictive Kinship*, sociologist Catherine Lee delves into the fascinating history of family reunification to examine how and why our conceptions of family have shaped immigration, the meaning of race, and the way we see ourselves as a country. Drawing from a rich set of archival sources, *Fictive Kinship* shows that even the most draconian anti-immigrant laws, such as the Chinese Exclusion Act of 1882, contained provisions for family unity, albeit for a limited class of immigrants. Arguments for uniting families separated by World War II and the Korean War also shaped immigration debates and the policies that led to the landmark 1965 Immigration Act. Lee argues that debating the contours of family offers a ready set of symbols and meanings to frame national identity and to define who counts as one of us. Talk about family, however, does not inevitably lead to more liberal immigration policies. Welfare reform in the 1990s, for example, placed limits on benefits for immigrant families, and recent debates over the children of undocumented immigrants fanned petitions to rescind birthright citizenship. *Fictive Kinship* shows that the centrality of family unity in the immigration discourse often limits the discussion about the goals, functions and roles of immigration and prevents a broader definition of American identity. Too often, studies of immigration policy focus on individuals or particular ethnic or...
