

## The Stiglitz Report: Reforming the International Monetary and Financial Systems in the Wake of the Global Crisis

By Joseph Stiglitz

The New Press. Paperback. Book Condition: new. BRAND NEW, The Stiglitz Report: Reforming the International Monetary and Financial Systems in the Wake of the Global Crisis, Joseph Stiglitz, The fact that our global economy is broken may be widely accepted, but what precisely needs to be fixed has become the subject of enormous controversy. In 2008, the president of the United Nations General Assembly convened an international panel, chaired by Nobel Prize-winning economist Joseph Stiglitz and including twenty leading international experts on the international monetary system, to address this crucial issue. "The Stiglitz Report," released by the committee in late 2009, sees the recent financial crisis as the latest and most damaging of several concurrent crises--of food, water, energy, and sustainability--that are tightly interrelated. The analysis and recommendations in the report cover the gamut from short-term mitigation to deep structural changes, from crisis response to reform of the global, economic, and financial architecture. The report establishes a bold agenda for policy change, that is sure to be the gold standard for understanding and contending with the international economy for many years to come. "The Stiglitz Report" is essential reading for anyone concerned about a secure and prosperous world.

### Reviews

*Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.*

-- **Elinore Vandervort**

*If you need to add benefit, a must buy book. I could possibly comprehend every little thing out of this composed e pdf. I am quickly could get a enjoyment of looking at a composed book.*
