Filesize: 7.18 MB

Reviews

This publication is fantastic. it was actually writtern very completely and valuable. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Joana Ziemann)

LOCHNER V. NEW YORK: ECONOMIC REGULATION ON TRIAL

DOWNLOAD

University Press of Kansas. Paperback. Book Condition: new. BRAND NEW, Lochner v. New York: Economic Regulation on Trial, Paul Kens, "Lochner v. New York" (1905), which pitted a conservative activist judiciary against a reform-minded legislature, remains one of the most important and most frequently cited cases in Supreme Court history. In this concise and readable guide, Paul Kens shows us why the case remains such an important marker in the ideological battles between the free market and the regulatory state. The Supreme Court's decision declared unconstitutional a New York State law limiting bakery workers to no more than ten hours per day or sixty hours per week. By evoking its "police power," the state hoped to eliminate the employers' abuse of these workers. But the 5-4 majority opinion, authored by Justice Rufus Peckham and renounced by Justice Oliver Wendell Holmes, cited the state's violation of due process and the "right of contract between employers and employees," which the majority believed was protected by the Fourteenth Amendment. Critics jumped on the decision as an example of conservative judicial activism promoting laissez-faire capitalism at the expense of progressive reform. As series editors Peter Hoffer and N.E.H. Hull note in their preface, "the case also raised a host of significant questions regarding the impetus of state legislatures to enter the workplace and regulate hours, wages, and working conditions; of the role of courts as monitors of the constitutionality of state regulation of the economy; and of the place of economic and moral theories in judicial thinking." Kens, however, reminds us that these hotly contested ideas and principles emerged from a very real human drama involving workers, owners, legislators, lawyers, and judges. Within the crucible of an industrializing America, their story reflected the fierce competition between two powerful ideologies.
