Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

(Prof. Loyce Runolfsson Jr.)

ON TWO FEET AND WINGS

Skyscape, United States, 2014. Paperback. Book Condition: New. 206 x 137 mm. Language: English . Brand New Book. He is in a foreign country, he is alone, and he is just a boy. Abbas Kazerooni is not yet ten, but he is suddenly forced to leave his parents, his friends his entire world and flee Tehran. The Iran-Iraq war is at its bloodiest, and the Ayatollahs who rule Iran have reduced the recruitment age for the army. If Abbas doesn't escape, it's almost certain that he will be drafted and die fighting for a regime that has stripped his family of all they have. On his own in the strange, often frightening city of Istanbul, Abbas grows up fast with little more than his wits to guide him. He must conquer difficult things: how to live on his own, how to navigate a foreign city and culture when he doesn't speak the language, and, most importantly, how to judge who is a friend and who is an enemy. Facing the unexpected as well as the everyday challenges of life on his own, Abbas walks a tightrope of survival yearning to please the demanding father he has left behind, yet relishing his new found independence. His quick thinking, entrepreneurial spirit, and the kindness of strangers allow him to make the best of his dire situation in surprising ways. Does he have what it takes to not only survive against these challenging odds but achieve his parents' ultimate dream for him: a visa to England, and the safety it represents? This compelling true story of one young boy's courage provides a powerful child's-eye view of war, political tumult, and survival. Readers of Abbas Kazerooni's incredible memoir will be rooting for him from the very first pages and not...
