PARENTS GUIDE TO THE INTERNET

Lulu.com, United States, 2007. Paperback. Book Condition: New. 223 x 150 mm. Language: English . Brand New Book. Every day an unsuspecting child meets a sexual predator in an Internet chat room and what may happen next is every parent's nightmare. With millions of children using the Internet with limited or no adult supervision unknowingly interacting with sexual predators, it is a very dangerous, and in many cases a deadly combination. Marilyn Mailman Segal, Ph.D., developmental psychologist specializing in early childhood development, and dean emeritus of the Family Center at Nova Southeastern University had this to say: Jay LaBonte has done an outstanding job in writing Parents Guide to the Internet to guide parents to help their child enjoy their computer without being victimized. This book gives parents the information they need to become just as savvy as their children. For more information visit.
