Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Science fiction, adventure, mystery, it's all there. Travel back and forward in time with the Stranger and follow how he progresses from a mortal human being into a god. This story delves into how these aliens evolved over billions of years in time to become, Gods of the Universe. Each mission is action packed with different adventures. The reader will keep turning pages until the very end. Although these stories are science fiction, the author believes that the human race can obtain most of what's enclosed in these episodes. Immortality as this story reveals, may be possible in the future by downloading our brains and motor skills to a clone or android body. We'll be leaving your universe, and you'll penetrate into another dimension in time, Alexis explains. This is beyond physics known in your world. We're about to enter a wormhole, a tube made of space-time that connects two different regions. These funnels taper down to what is known as a throat. The exit can be partially pinched; however, hopefully we'll connect to another funnel. You'll then be transposed again, to an energy field and subatomic particles known as photons and electrons, what your scientists call quantum tunneling. If you survive, you'll exit into our galaxy. We must avoid the black holes, as nothing, not even light escapes them. I was born in 384 BC. You may ask how I can be here now. I and the others at this table were chosen for special reasons. Although we died, the Creators cloned us and downloaded our memories and motor skills, enabling us to continue with our...
